COOKING WORKSHOPS
Cooking workshops of Korčula gastronomy

On the island of Korčula in Blato there is my small "family agriculture economy" where I started doing cooking workshops. These workshops are imagined as place where my guests come to cook with me in the kitchen, local dishes souch as "Žrnovski makaruni" or "kupus na tabak". There is also our special cake "Lumblija" which has certification of authenticity. They prepare this love story cake and later they eat the dishes they prepare with me. COME AND COOK WITH US!

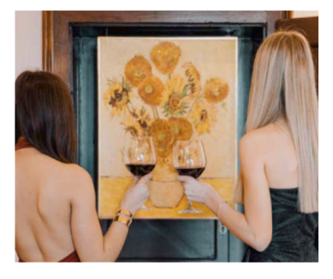
A hidden gem of the Adriatic is now open to all who wish to experience a unique fusion of art, history, and luxury. Nestled within the magnificent Villa Banac, in a prestigious location overlooking the sea, Banac Gallery has become an unmissable cultural attraction in Cavtat.



ART THAT TAKES YOUR BREATH AWAY

Stepping into Banac Gallery, you enter a world where every exhibit tells its own story. This exclusive private collection features works by renowned global artists, with impressive paintings, sculptures, and rare art installations that create a space where past and present intertwine in perfect harmony.

HISTORY ETCHED IN EVERY CORNER

Built in 1928, Villa Banac captivates with its elegant architectural style and the stories embedded in its walls. This magnificent villa is not just a home to art – it is a living testament to history. Upon entering, visitors are greeted by the relief sculpture of Marija Račić Banac, while each room reveals another layer of Cavtat's rich heritage and its notable figures.

AN UNFORGETTABLE CULTURAL EXPERIENCE

Banac Gallery is more than just an art collection – it is an experience that engages all the senses. Through expertly guided tours, visitors have the opportunity to immerse themselves in the narratives behind the exhibited works, discover the artists and their visions, and feel the spirit of the times that make these masterpieces timeless. Every corner of the gallery invites exploration, revealing a new dimension of beauty.

MORE THAN A GALLERY – A BLEND OF CULTURE AND ELEGANCE

Beyond its unique artistic experience, Banac Gallery offers guests the opportunity to extend their cultural journey in a sophisticated and relaxing setting, where art and elegance merge with the rich heritage of the region.

A ROYAL VISIT

Villa Banac was built in 1928, originally serving as a family retreat for Božo Banac. However, he also welcomed many distinguished guests. In 1936, on Božo Banac's invitation, the Duke of Kent (brother of King Edward VIII of England) and his wife Marina, Princess of Greece and Denmark, visited the villa. The royal couple arrived in Cavtat by seaplane, where they were warmly welcomed by Božo Banac and his wife Milica. Their stay remains one of the villa's most fascinating historical moments.
